Professionalism, Confidence, Reliability, Expertise, the complete package by **Ellen**

It was my lucky day when I found Darrin through an internet search when circumstances had become somewhat desperate. As a retired paralegal in need of service of process on a personal matter, finding Darrin was the best thing that could have happened. He is the consummate professional and has the knowledge base to perform whatever tasks need to be accomplished. Darrin researched my case and developed information that previously had eluded us and he was able to complete service on the first attempt, on time and as promised. I always feel I am being taken care of competently, with skill and caring, and sensitivity to my needs. Darrin was able to offer flat rate pricing due to the nature of my special circumstances and for that we are especially grateful. He is always there for us - by phone, email and through his reliable services. You cannot find a better resource and we would recommend him for personal or business use.

I was in urgent need of an expedited service delivery and contacted several services seeking their assistance. Darrin at Eclipse responded with a simple, powerful message: "I can guarantee that will be taken care of for you today." And that was exactly what he did, including mailing the document and proof of service to the court. Without his assistance, at best I would have been scrambling trying to find someone to serve the documents for me and at worst, I would have missed a filing deadline. Darrin at Eclipse should be your first call for service of process. Darrin knows the importance of taking care of his clients.

I found Eclipse online. I was as specific as possible about the defendant's residence, known schedule and vehicle type. I scanned the documents to Darrin at 4:10pm after selecting the 7-Day delivery service on his website. He called me back three hours later to inform me the papers had been served. For a defendant whose schedule I really didn't know, lives in a secure building and would have no reason to expect delivery of anything, Darrin's service was remarkable. I am not working in law, have never served anybody for any reason but if the Department of Motor Vehicles was this efficient, it would be a pleasure to renew my tabs. Absolutely highly recommended.

Darrin provides a great service and is a truly nice person. I needed a document served on an individual and left messages with a couple of companies I found online. Neither ever called me back. Eclipse was the third one I tried and Darrin called me back within minutes of my leaving a message. He made arrangements to meet me that very day, even though my need wasn't urgent. He is very professional, took care of the job quickly, and followed up with me right away by both phone and email. He promptly sent me the return of service and even mailed the original to the court that was handling my case. Now that's service. Call Darrin!

Darrin was very professional and personable. I was impressed by how he took the time to meet with me and talk to me a little bit about what needed to be done, and also how quickly he completed the service. I would definitely recommend him to any law firm, or anyone who needs a processor. He provided excellent service, and like I mentioned to him- it is a lot better

to hire a neutral party to serve the papers rather than putting a friend or family member in the middle, where emotions can get tied up. It also ensures that it is done correctly by having a professional do the work and send it in to the appropriate agency. Thank you very much.

Darrin has been my exclusive process server for a little more than a year now. He is absolutely dependable and from everything from a same day request to a request with several change orders, he has dependably come through for me. The best thing I can say about Darrin is that after placing an order with him, I rest easy knowing that it will be take care of promptly without fail. He is simply the best.
